INTRODUCING the
New Pristine® H₂OK™

Water Cooler Cleaner Package

- SAFE
- EFFECTIVE
- EASY

IT'S A FACT – Bacteria grows in all water coolers, compromising the safety and quality of your water supply. Enjoy pure, fresh tasting water with regular use of H₂OK™

One treatment good for three months to refresh and remove any odour and taste causing bacteria residing in the home or office water cooler.

- Add H₂OK™ to empty cooler following package instructions.
- Wait 15 minutes.
- Drain & drink safe, fresh tasting, clean water.

Other uses: clean water filters, water bottles, water bags, carboys, camel packs.

- Comes complete with a calendar repeat reminder sticker.
