

Ozone Bottle Rinser

BW-1

Give your self serve water customers the ultimate in safety and convenience. The MoBetta BW-1 Ozone Bottle Rinser makes sanitizing their bottles a snap! Simply place the bottle on the machine as shown and press down firmly. A blast of highly concentrated ozone and water gives the bottle a quick sanitizing rinse. Release the bottle and the spray stops automatically.

- No chemicals to buy or replace.
- CSA approved AZCO ozone generator with built in air dryer.
- Spring loaded mechanical activation valve for simplicity, durability and safety.
